

Equipo Navazos Offer December 2016

The story of Equipo Navazos is one of passion - a passion shared by a group of lovers and connoisseurs of traditional Andalusian wines. Equipo Navazos was created in 2005 by Jesus Barquin and Eduardo Ojeda when they discovered some very special individual butts and soleras buried in the cellars of Jerez, Sanlúcar de Barrameda and El Puerto, as well as Montilla. The friends decided to bottle these very rare and special wines in numbered, limited releases, initially for a select group of private collectors, and recently available to a wider (but not very wide) audience; thus "La Bota de..." was born.

This offer features the latest Fino, No.68, a beauty from Macharnudo Alto, the oldest plot of the single vineyard from which Valdespino produces its venerable Inocente Fino. The last 5 cases of 'florpower' Más Allá, the ever popular Navazos Niepoort, as well as two new expressions of OVNI, dry table wine made of Palomino Fino and Pedro Ximenez. Two sparkling wines complete this offer.
